About CB Gold

CB Gold is a well-financed precious metals exploration and development corporation majority owned by near term producer Red Eagle Mining Corporation. CB Gold has an experienced exploration and mine development team focused on building shareholder value through acquiring and developing high grade gold and silver projects with low costs and low technical risks in Colombia, a jurisdiction with prolific historic production but until recently limited modern exploration. CB Gold owns 100% of both the Vetás Gold Project and the Santa Ana Silver Project, which consist of numerous historic and existing mines and where exploration is currently underway to delineate high-grade vein resources exploitable by modern underground mining methods.
